

## March 24, 2009: NEN 3434 submitted for ISO fast track

Today, the NEN 3434 "Information technology &ndash; Application management &ndash; Requirements for application management" has been officially submitted for ISO fast-track processing.

Frances van Haagen and Yvette Backer will explain this Dutch standard on application management during the coming plenary meeting of ISO-IEC, which will be held in India from the 25th to the 29th of May 2009. The document will be discussed in the Joint Technical Committee 1, Sub Committee 7: "Software and Systems Engineering".
