

## Nov 25, 2009: Winners ASL BiSL Awards 2009

This year the jury awarded 3 organizations for the way they used ASL and/or BiSL to improve their information provisioning processes.

### Bronze

The Bronze ASL BiSL Award 2009 was granted to Stream BV for their web application 'Bluewater', a workflow application based on the operational processes of ASL and BiSL, specially for business organizations.

### Silver

The Dutch insurance company De Goudse was awarded with the Silver ASL BiSL Award 2009 for the practical way they used BiSL to improve the maturity of their new central department for Business Information Management.

Another Dutch insurance company UVIT won, together with DCE Consultants, the second Silver ASL BiSL Award 2009 for their case 'Compass for the effective Information Manager', using the strategical processes in BiSL.

The winners will receive their awards on the congress 'Focus on Demand' on December 10th 2009 in Bussum, The Netherlands. One of the winners will also receive the ASL BiSL Trophy 2009.
